

Parent Letter Explaining Curriculum Compacting

TO: Parents

FROM: Enrichment Specialist

RE: Your Child's Participation in the Enrichment Program

As you may know from previous correspondence and meetings, your child is involved in the enrichment program at school. Your child's classroom teacher and I have made a careful assessment of his or her strengths and agree that he or she would benefit from compacting the curriculum in his or her strength areas so that he or she will not be repeating work. This time saved will result in additional time in the resource room. This will not result in your child missing essential work in the regular classroom.

The form that accompanies this letter is the completed Compactor, agreed upon by the classroom teacher and me. Your child's academic strengths are listed in the first column and activities used to document proficiency are listed in the second column. Enrichment and/or acceleration activities that your child will pursue in the resource room are listed in the third column.

Please call me if you have any questions. I will be glad to meet and discuss your child's involvement in the enrichment program. Thank you for your continued interest and support.

Please sign this form to indicate that you have received the completed Compactor and return it to school as soon as possible.

Student's Name: _____ School: _____
